**Attachments:** 771 Pierce Butler Route - stump with prop line marked.jpg; 771 Pierce Butler Route - stump.jpg; History of DED orders at 771-767 Pierce Butler Rt.docx

Good Morning Mai-

In preparation for Tuesday's hearing, I put together a document regarding the history of a private property diseased elm tree at 767/ 771 Pierce Butler Route. I did an inspection there yesterday and determined the stump to be on the property line. The history on this assessment is quite confusing, especially since it was originally marked in 2005, which was before I began employment with the City.

If you would, please open RLH TA 13-87 in Legistar so I can attach the document and a couple pictures. Or if it would be easier for you to do it, the items are attached.

Thanks! Have a great weekend!
