Saint Paul, MN 55114

Dear Ms. Eckman:

Thank you for your comment letter on the City's Stormwater Permit Annual Report. Your suggestions on how to further enhance the City's Annual Report with additional detail will be taken into consideration as we track activity throughout the current calendar year and prepare the next annual report.

The report, comments and response to comments will be submitted to the Saint Paul City Council to be adopted by resolution. This information will then be forwarded to the Minnesota Pollution Control Agency.

Sincerely,

Anne Weber
Civil Engineer
