**FROM:** Jonathan Sage-Martinson  
**SUBJECT:** 8-80 Vitality Fund: Payne and E 7<sup>th</sup> Street intersection realignment and Bruce Vento Trailhead Parking Lot Reconstruction

---

### **Project Description**

This project will realign the intersection at Payne Ave and E 7<sup>th</sup> Street, and realign and reconstruct the Bruce Vento Trailhead parking lot. New sidewalks and pedestrian ramps to be built will provide a safer crossing at E 7<sup>th</sup> St. Traffic movements will be made safer for vehicle traffic and for pedestrians, with clear paths to sidewalks and bicycle facilities.

This improvement was recommended in a report prepared by Saint Paul Design Center in June 2014 entitled "Payne Avenue Street Improvements: Minnehaha Avenue to East 7<sup>th</sup> Street." This report was coordinated with the Railroad Island Task Force, and convened a team of stakeholders for two days of workshops in early 2014 with a goal of making recommendations to improve pedestrian and vehicular access through new alignment strategies for Payne Avenue and adjoining cross streets.

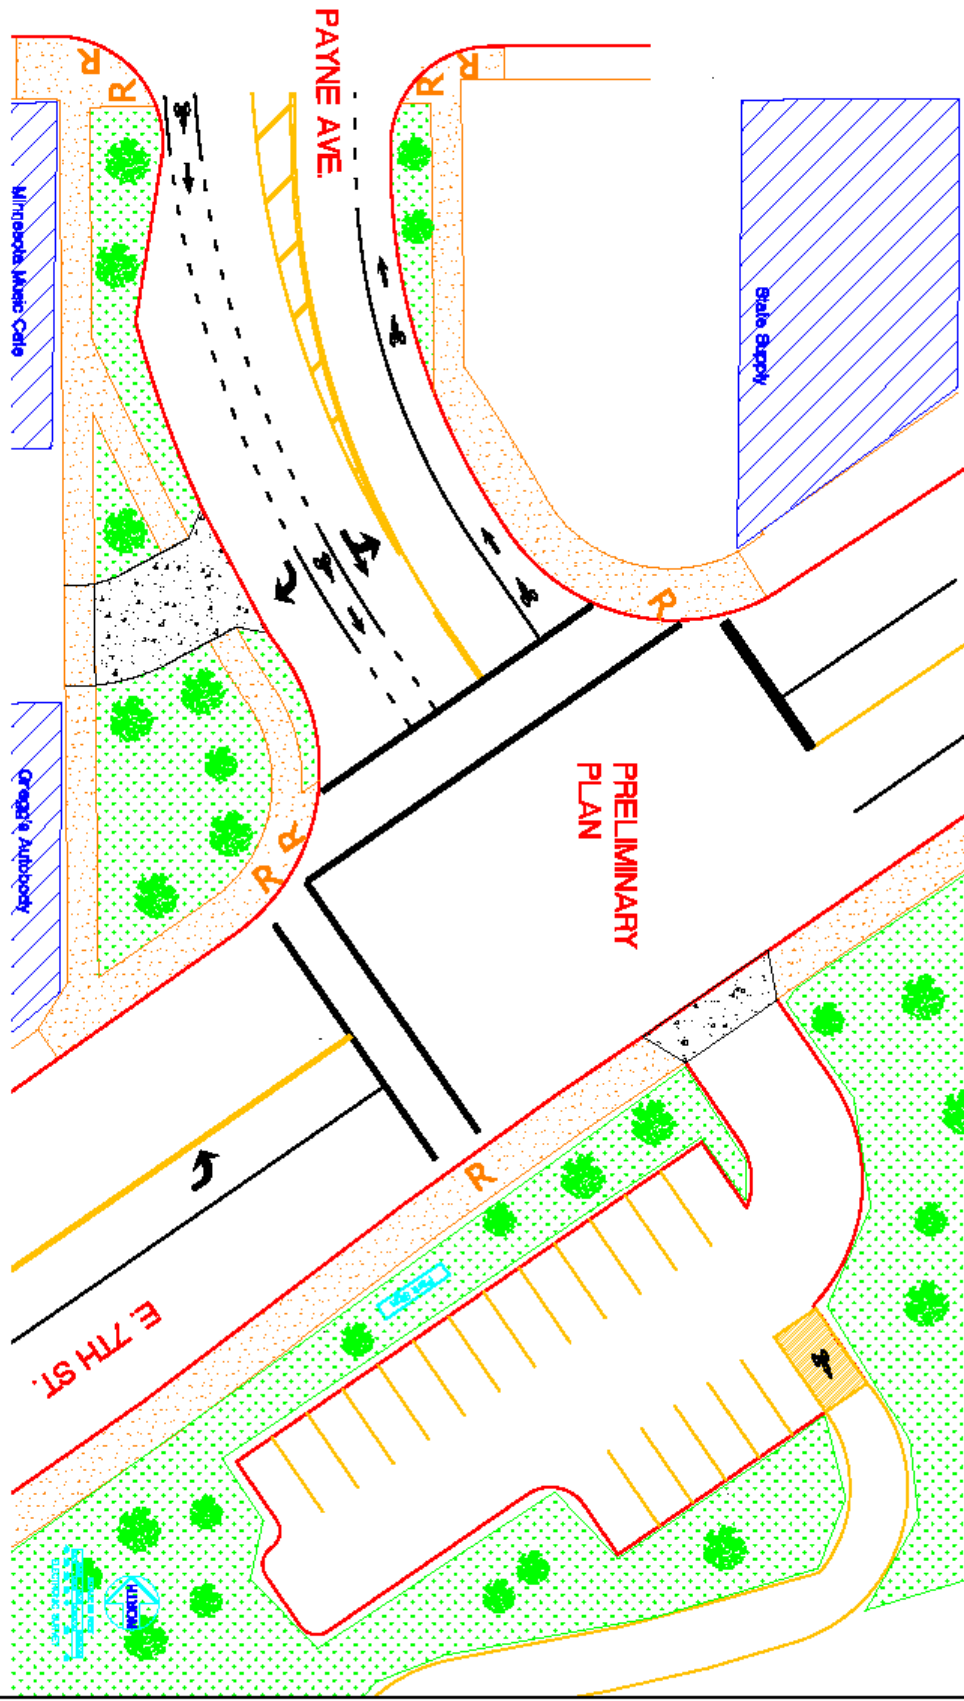

### **Costs**

This project has a preliminary estimate of \$1,276,000. Funding for the project is from several sources:

8-80 Funding	\$ 225,000
Municipal State Aid	\$ 271,000
Ramsey County	\$ 85,000
MNDOT	<u>\$ 695,000</u>
	\$1,276,000

### **Timeline**

April 2015 – Dec. 2015	Property Acquisition
June 2015-Dec. 2015	Preliminary Design and Approval
Dec. 2015-March 2016	Construction Plans

	DESIGNED	I HEREBY CERTIFY THAT THIS PLAN WAS PREPARED BY ME OR UNDER MY DIRECT SUPERVISION AND THAT I AM A duly LICENSED PROFESSIONAL ENGINEER UNDER THE LAWS OF THE STATE OF OREGON.
