ORDINANCES

An ordinance is a city law enacted by the City Council. It is read at four separate council meetings and becomes effective after passage by the Council and 30 days after publication in the Saint Paul Legal Ledger. Public hearings on ordinances are held at the third reading.

Final Adoption

- 12** [Ord 12-26](#) Amending Legislative Code sections 63.200 parking requirements; 65.600 land use definitions and development standards for food and beverages; and chapter 66 zoning district uses.
- Councilmember Stark stated that this issue has been before the council for several years and that a compromise position has been reached by defining restaurants and bars differently. Based upon the recommendation of the Planning Commission and other support, he moved adoption of this Ordinance 12-26. Councilmember Thune voiced his opposition, reasoning that the council currently has the ability to address these issues through variances and he was further concerned that there will be parking issues, especially on Grand Avenue and that would not be good for business. Councilmember Tolbert offered his support for adoption and suggested that the results of this decision can be used for further discussion on parking regulations. Council President Lantry thanked staff for their work and suggested that additional work may be needed to address issues on Grand Avenue.*
