Attachment to the Application for Appeal

I wish to have the fee waived for this home. I purchased the home in April of 2010, at that time the home was fire damaged. I have since torn down most of the structure and re-built the home. I plan to have this project completed within the next 90 days. Upon completion of this project the home will be rented or sold at that time. I have been working with the building inspectors to meet all codes regarding the fire damage and on the re-build thus to date making all the requirements for a vacant building not applicable except that it is still vacant as it is being completed. These requirements that have been met are as follows:

- The home is secured with doors with locks and deadbolts
- The home is no longer a dangerous structure
- The home is not condemned
- All building codes have been met through the re-build process
- The home has been unoccupied since our purchase in April of 2010, we cannot attest to when the last time it was occupied.
