**Subject:** 393 Selby Ave - License Number 20140000394

To Whom it May Concern,

My name is Brian Pergament at 201 Western Ave N.

I am in favor of granting the license for the applicant at 393 Selby Ave. The proposed License will allow a use which contributes to the vibrant restaurant experiences we in the neighborhood have come to love about Selby Ave. The continuation of Liquor on Sale as well as Outdoor Service will add to the warm and welcoming atmosphere of Selby Ave. When I drive by a restaurant with customers sitting outside (sidewalk seating included) at tables, enjoying food and a glass of wine, it give me the impression that the neighborhood is full of life and activity. It is what many of us hope to see continue on Selby Ave.

I am in favor of approval of the License Application.

Thank you,  
Brian Pergament

City of Saint Paul

Please be advised that I have known and been a customer of Luke Shimp for approximately ten years and am proud to unconditionally recommend that you approve any and all applications and permits necessary to expedite the opening of his Red Cow on Selby Avenue.

My family and friends have been customers at his past and present businesses and it will be great to have him back in Saint Paul, especially in our neighborhood. Luke and his colleagues are exactly the kind of people we should be encouraging to own and operate businesses in our city.

I regret that I am traveling and can't recommend him in person, but would be pleased to answer any questions you may have by phone (651 253 7843) or email at the above address.

**To:** Luke Shimp <luke@redcowmn.com>

To Whom it May Concern,

As a fellow business owner in the Cathedral Hill Business District and direct neighbor of the new Red Cow location I would like to offer my full support of Red Cow's business model and application for Full Service Restaurant with beer, wine, and spirit sales. This businesses commitment to our neighborhood is yet another example of the improvement and better direction of Cathedral Hill. This business will directly augment the growing trend of Cathedral Hill as a destination for restaurant enthusiasts by drastically improving the quality of service, food, and atmosphere over the business that served in its current location. The improvements of the location's aesthetic value, and quality of business has already been noted.

Please streamline this approval process and please dont delay our fellow business owners the opportunity to improve upon our community.

Sincerely,

Dr. Eric Ruhland-Owner  
St Paul Pet Hospital

Hello Luke,

Just wanted to welcome you to the neighborhood and give you our full support. Lets touch base sometime soon and grab a cup of coffee.

Thanks Luke.
