RE: Community School of Excellence (CSE)  
270 Larpenteur Avenue

Community School of Excellence has invested in the North End, in our families and our neighborhood. We support the addition of the planned high school. The high school will allow Community School of Excellence to grow and will also serve many families who are looking for a school that has all twelve levels plus kindergarten as well as allowing students to stay at the school instead of being moved to another high school. We support the high school addition.

Thank you for your consideration and if you have questions, please contact me at the numbers above.

Best:
