Okay – I found this e-mail from October. It came to me from customer service.
It does note that he was supposed to get a small EOW cart - but I know we never swapped it out.

Well I have some fixing to do.

Hi Mary,

The 65 gallon cart was supposed to be switched out to a 32 EOW in July. We sent this over in the 7-11 Legislative hearing follow up document. Do you know if this was switched out?

He should be billed for a small EOW cart.

This is so totally my fault - I must have gotten something from the city back in November and I had one of his 64 gal trash carts removed (did he say he has a 35 gal EOW cart- because I don't show that he ever had one) back in November.

So I'll adjust his current invoice to reflect a 1-64 gal trash and you can update the assessment on your end for the August & Sept portion of his 7.5.19 billing and I will fix our end.
