

President Lantry,

As a neighbor and customer for the last 35 years we are writing to express our support for the addition/renovation of Obb's Bar. Jim Johnson has done a fantastic job of maintaining the bar and the surrounding property. Over the years, Jim has continually made improvements to the restaurant inside and out. He recently purchased the adjacent vacant gas station in order to expand his parking lot. This property was run down and had limited options for improvement. The new parking lot is for the convenience of his customers but it also greatly improves the look of our neighborhood.

I have full confidence that Jim will complete the project while keeping the best interest of the Mounds Park residents in mind.

Colleen and Tom Mikesh
