**Subject:** Liquor License Application - Objection

April 12, 2019

Dear Kris Schweinler, Jeff Fischbach and the Legislative Hearing Officer,

I am writing to object to the application for a license for Liquor On Sale at 976 Concordia Avenue. I want a thriving neighborhood and support economic development. I believe that Taste of Rondo has an amazing business plan, good intentions and will bring something new lively to our community and I will support them as an establishment without alcohol. I am open to the discussion of a Liquor License in the future, depending on how safe our neighborhood feels with all of the changes.

Best Regards,

--
