I am Fillmore Abrahamsen's sister and live in Georgia--Mark Robertson emailed me the letter you sent concerning this property--Wells Fargo and Highland Chateau Health Care have both been paid--I was led to believe this property is to be demolished which it should be--it is 123 years old and has never been kept up--My brother is a veteran-blind-has had part of his leg amputated-has dialysis 3 times a week and has a heart problem. The veterans found him his current residence and we are trying to get medical assistance and need to know if the house will be torn down--he had an annuity and was told he had to get rid of the money which he is doing--there will be approximately \$6000 left in his account which Alison Hedman from Ramsey County told us he is able to have. I feel I have done all I can to hasten this process so he qualifies for medical assistance--please tell me what more I can do. Thank you. I am 83 years old and am not able to come to Minnesota to help him--I was there this Fall and took care of some of his business and did the best I could.
