- States the date payment is due to Waste Management. Anything beyond that date may incur additional charges. Your **Total Due** is the total amount of current charges and any previous unpaid balances combined.
- Previous balance is the total due from your previous invoice. We subtract any **Payments Received/Adjustments** and add your **Current Charges** from this billing cycle to get a **Total Due** on this invoice. If you have not paid all or a portion of your previous balance, please pay the entire **Total Due** to avoid a late charge or service interruption.
- Service location details the total current charges of this invoice.

## Are you in the clear on recycling contamination?

Nationally, on average, 25% of all items in recycling bins are actually trash. That's a big problem impacting recycling efforts around the world. You can help by following three simple rules:

1. Recycling empty plastic bottles, cans, paper and cardboard.
2. Keep food and liquid out of your recycling.
3. Keep plastic bags out of your recycling - don't bag your recyclables.
