

City of St. Paul

Supplemental License Application for Sidewalk Seating

1. Attached are the signed consent petitions from owners of properties within 300' of Sweet Pea's. We have obtained consent from 33 of the 36 property owners. One additional owner has said that they've mailed theirs in. The other owners that we have not heard from are corporations or owners living outside of the area or are out of town. We have not encountered any objections from any residents within the 300' of Sweet Pea's. We are still hoping to get signed consent from the others.

2. General Liability Certificate of Insurance - attached

3. Sidewalk Seating Plan - attached

4. We have already gone before District 14 Community Council and received their approval. A letter is attached for your review.
