RE: license number 20150003362

I do NOT believe this should be granted due to several reasons.

- A. Said property is across the street from a day care with young children.
- B. This is a residential neighborhood. The hours are not appropriate.
- C. The few extra parking spaces would not be enough and restaurant parking would still interfere with neighbors parking.

I might agree if the hours were licensed at weekdays 6pm to 10 pm and Saturday and Sunday.
