Subject: 41 Miller Crest Ln

Hi Lee,

It has been brought to my attention that there was a previous order assessed to this property for code compliance that I overlooked and therefore neglected to include on your Code Compliance Report.

The order as noted:

04/04/2018: NOTE: The septic system has failed and needs to be replaced. The Code Compliance Report must contain a requirement for this in the plumbing section. RS

I cannot create another code compliance report so this information will be an addendum to the Code Compliance Report you received dated 5/17/24. You will need to contact Steve Fernlund (651-266-9052), the inspector listed in the plumbing section of your CCR, with any questions regarding what needs to be inspected and to schedule the inspection(s).

Regards,

The Most Livable
City in America
