The owner was able to find his fuel safety test report and provided it to inspector Thomas. James has now approved the certificate of occupancy for the entire building and there are no outstanding orders.

I inspected units one and two for the excessive accumulation of materials. Based on my findings today I am satisfied with the amount that they've removed and we are lifting or condemnation order in or not requiring them to remove any more belongings at this time. I am with Heather Myers now from SMRLS and we both concur there is no need for a hearing on Tuesday because fire inspection will be withdrawing our order and continuing with the normal fire CofO process.
