Non-Drought Phase

Drought Watch Phase

**Drought Warning Phase (severe drought)**

- 5 consecutive days at or below 2,000 cfs
- Implement water use restrictions to reach 50% above January levels (53.1 MGD)
  - SPRWS implemented voluntary watering restrictions on July 20<sup>th</sup>

**Restrictive Phase (extreme drought)**

- 5 consecutive days at or below 1,500 cfs
- Implement water use restrictions to reach 25% above January levels (44.25 MDG)

**Emergency Phase (exceptional drought)**

- 5 consecutive days at or below 1,000 cfs
- Mandatory reductions to reach January water use levels (35.4 MGD)

# Mississippi River Flow

## Used to Determine Drought Phase

Mean River Flow for August 11<sup>th</sup> Over the Last 90 Years:

**6,590 cfs**

# Next Steps

July 20<sup>th</sup> -Present

## Drought Warning Phase

- Continued Education and Awareness Efforts.
- Prepare for Restrictive Phase.
  - Board of Water Commissioners Special Meeting- July 29<sup>th</sup>
    - Board Resolution authorizing SPRWS to implement mandated watering restrictions and associated penalties if needed.
  - **City Council meeting to consider Emergency Ordinance to allow fines to be included in watering restriction violation schedule.**
- Implement authorized water use mandates if voluntary measures are not resulting in adequate progress towards defined goals in the Drought Warning Phase (50% of January).

## Restrictive Phase

- Implement authorized water use mandates if previous measures are not resulting in adequate progress towards defined goals in the Restrictive Phase (25% of January).
- Prepare for Emergency Phase.

## Emergency Phase

- Implement additional authorized water use mandates if needed.
- Coordinate efforts with MN-DNR drought task force.
- Work directly with stakeholders.
