

"Hello. This is Kiki Sonnen. I'm calling regarding the rezoning of 961 Fuller from single residential to T4 for zoning that's on for Wednesday, December 9, City Council agenda. My address is 1758 Hewitt Avenue in Saint Paul, 55104. I'm calling to say that I'm opposed to the rezoning of it. It's inappropriate to have any more liquor establishments wedged into that neighborhood. And this is a piecemeal approach, I believe, and it needs to have a 40 acre study regarding the entire Aurora St. Anthony neighborhood so that this can be looked at as a whole rather than cherry picking places to go in when somebody's got a hairbrained scheme to put businesses in an residential area that has a history of being bulldozed and diminished and demeaned. Thank you. Goodbye."
