RE: Michael Davis Volunteer Work & Community Participation

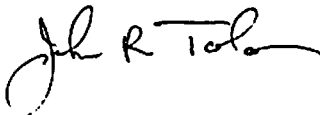

To Whom it may Concern:

I want to offer a recommendation based on an ongoing relationship and the enthusiastic participation both in safe group activities and the volunteer work (labor) provided Michael Davis. Michael approached me about 6 months ago and has taken initiative to get plugged into our activities and made a significant effort to work hard at a variety of volunteer projects. He came to me with the goal of getting involved with the Frogtown Community House Project and began helping me with our inner-city outreach doing volunteer construction work. I immediately recognized his humility, sense of justice and a commitment for service and hard work.

He has seen needs and ambitiously jumped in to accomplish tasks beyond my expectation. Michael is flexible, tenderhearted, full of integrity and extremely dependable. He put in at least 46 volunteer hours.

Please feel free to contact me with any questions!

Sincerely,

John R Tolo
