Subject: Contest for 68 Douglas

Hi there,

I am writing to hopefully be put on the schedule to contest a proposed assessment for property clean up at 68 Douglas St, File # J2419A and Assessment #248523. We did not receive notice of such clean up, as we clean up all of our own properties. Upon looking back at all notices in our files (which we maintain diligently along with our mail collection) we were not informed of or warned of any clean up. Please let me know the necessary steps from here.

Thank you for your time and consideration.
