To: whom it may be concerned  
City of Saint Paul

Tou Vang  
137 Maryland Ave West  
Saint Paul, MN 55117

After my DSI training on 07/20/11. I had to set up an employee policy to all my employees to follow. Every employee must get training and go over the Manual Liquor Book with me. All employees must check for every customer ID before selling tobacco and liquor. Any employee who failures to check ID must be warning or terminate.

Moreover, I must hold a meeting every day to remind my employees for customer ID check before start to work. I must post my employee policy on the cashier counter to remind every employee.

I hope my employee policy will have me to prevent selling tobacco to underage customer in the future.

I will have The sign telling the date and years  
post on the Register, for legal Age. TV.  
Sincerely,

Signature: Tou Vang Date: 8-3-11
