2.5.2014

- Jim Bartholow and his maintenance guy Jim showed up at our office for a meeting to discuss the orders. L. Shaff was present for this meeting. Jim Bartholow was told that if all the life safety to include the 4 agreed upon issues from the 12.5.2013 meeting were not completed we would be taking enforcement and emptying out the building on 3.3.2014. Mr. Bartholow asked about the Heating Systems and if that would hold up or if we could give them more time because 30 days wouldn't be enough to get the one broke system up and/or replace under permit. L. Shaff explained to Mr. Bartholow that it had to be replaced under permit and signed off along with all the other items on our orders all listed on the front page. Mr. Bartholow became agitated when he was being told all the life safety issues need to be addressed and haven't been for quit some time. Mr.

Bartholow asked about how the vacant buildings work. L. Shaff explained all 3 categories to him and he didn't seem to understand what he was being told.
