I have a hearing today for 1018 Wilson ave St. Paul. These picture are to show the status of the house.

The sheriff removed the tenants June 12. I have been allowing the tenant to come to the property and get loads of belongings with the moving truck.

They have removed a lot of things. There is still more to go but they are making progress. We have an agreement that after their time is up the remainder is garbage and I can put it in a dumpster.

Please give me until July 15th that will give them 30 days to redeem their belongings and give me a few days to load a dumpster.

Thank you
Ted Ries
