Heat and Fans will be applied to the areas listed above and temperatures will reach temperatures of 120-140 degrees Fahrenheit. These

temperatures will be held for 3 to 4 hours to allow adequate heat distribution and reach the lethal temperature to kill bedbugs present.

An approved "residual" product may also be applied near suspected bed bug harboring areas which may not reach lethal temperatures (within walls, etc).

Total treatment times typically last 6-12 hours depending on the size and type of the structure being treated.

Heat treatment does not provide residual effect but temperatures above 122 degrees will kill ALL cycles of bedbugs during the treatment period. **Bed Bug Guys cannot guarantee/warranty against re-infesting the treatment area if infected materials are reintroduced or proper client preparation or follow up is not maintained as stated in the Terms and Conditions listed below.** At no time do we Warranty or Guarantee the complete elimination of all your Bed Bugs.

DO NOT Pre-Treat affected area with Chemicals, Sprays, Foggers, Etc., prior to Heat Treatment.

For your treatment to be a successful, it requires full compliance and cooperation from the residents and/or property owners. The Terms and Conditions are listed below and should be understood and adhered to as well as the pre-treatment and post treatment instructions provided. A secure and safe area must be provided for parking and managing the heat treatment process. Also, all persons must be remove from the premises to be treated during the entire treatment process.

You agree and, by signing this agreement, affirm that you have and will continue to maintain homeowner's/property owner's liabilities insurance covering the property throughout the performance of this contract.

GUARANTEE & WARRANTY is 90 days from date of initial Heat Treatment service providing proper preparation and follow up procedures are followed. **At no time do we imply the complete elimination of all your Bed Bugs.** All schedules will be maintained based on a "weather permitting" scenario. All work performed under this contract shall be substantially completed in a workmanlike manner in accordance with standard practices in our Industry. For all Guarantee/Warranty Heat Treatments **within 90 days** of original Heat Treatment, an extra **\$450 Fee**, above the original Contract Price, per Heat Treatment will be applied. Some restrictions do apply, just ask for details. Ask for Extended warranties lasting up to 6 months. **At no time do we Warranty or Guarantee the complete elimination of all your Bed Bugs.** Furthermore, this is a non-refundable service. A \$500 collection fee will be added to any balance not paid in full upon completion of service.

Heat Treatment Service Fee: \$2,15.00 to Heat Treat 2 floors of house
Cancellations must be requested **at least 24 hours** prior to the agreed service time. Cancellations within 24 hours of treatment time or failure to allow entry for the appointment **may be subject to a \$800 service charge.**

All approved contract customers can pay by invoice net 30 days, or by cash, money order or Visa, Master Card, American Express at time of service. **All non-approved contract customers must pay Half (1/2) Down at time of Signing Contract and Balance in Full by cash, check, money order or Visa, Master Card, American Express at time of service. For any uncollected balance without prior approval, 24 hours after Service is provided, a \$500 Collection Fee will be added to unpaid amounts.**

Customer Heat Treatment Instructions:

Pre-Heat Treatment Preparations:

- **DO NOT Re-Move any items from the infested room(s) and/or premises except pets, including fish.**
- Unplug personal electronic devices such as televisions, stereos, video players, computers, etc. **DO NOT** remove them from the area as they may be hiding places for bed bugs. **DO NOT unplug refrigerators or freezers.**
- Hang loose clothing on hangers when possible. Any articles of clothing that are not on hangers will be moved, disturbed, or arranged (to allow heat penetration). Clothing in dresser drawers may be left in place.
- **Do Not remove any thing from Areas "To Be Treated", Leave ALL large linens in the treatment areas (towels, blankets, Rugs, etc). This is the most important step and we need your Help on this one.**
- **Unlock doors and drawers of furniture and storage in the treatment areas including dressers, nightstands, luggage, etc.**
- **Remove pets and fish, but leave their Bedding material inside the room.**

- Secure small items such as pictures, paper and knick knacks that may be blown around or damaged by the circulating air of fans. Hanging Pictures and/or Paintings should be secured or removed from the wall and left in the room.
- Drain waterbeds to allow the bed frame to reach lethal temperatures. Partially deflate airbeds to avoid damage.
- **Heat sensitive items or Valuable items to be protect from too much HEAT: Place in clothes bin**
 - Pets including fish
 - House Plants
 - Fresh Food such as fruits, vegetables, etc.
 - Foods that may melt such as chocolate, candy, etc. **Place in clothes bin**
 - Other easily melted materials such as soap, candles, make-up, wax figurines, etc. **Place in clothes bin**
 - **MEDICATIONS:** Prescription and over the counter drugs, supplements, or medicines. **(* Put in Refrigerator*)**
 - Anything pressurized- aerosol spray cans, oxygen bottles, fire extinguishers, etc. **Place in clothes bin**
 - Wooden and stringed musical instruments (need to be treated before removing).
 - Family heirlooms, oil paintings, or other irreplaceable items (need to be treated before removing)

Post Treatment: When you come Home, your home will appear Ransacked and Trashed

- Allow treated areas to return to normal temperatures before replacing removed items or plugging in electronics.
- Heat any untreated clothing or linens by placing in dryer on the HIGH temperature setting for 30 minutes or more. This includes clothing worn the day of treatment etc.
- Vacuum the treated areas including the mattress, box spring, and frame as you see fit. Dispose of the vacuum contents into a SEALED plastic bag and remove from the building.
- **There will be a lot of work to be done when you get home, so be prepared.**

With your cooperation we will eliminate this challenging pest from your home.
