Re: City Council Public Hearing RE: 980 Conway St

Members of the City Council,

I am writing to ask the City Council to allow the tenants to stay without penalty due to the Pandemic with COVIC 19. When we were made aware that unit 2 was using the stove for a heating source, we address ASAP. I want to share that all the deficiencies have been address in then unit # 2. We will get the 4 deficiencies addressed in unit 1 asap. The tenants in both units are elder and most vulnerable at this time.

As a Landlord working with the tenants to keep rents affordable and that the right of all people to have a place call home. We should strive to see that everyone in our community is treated with fairness and equality.

Please see attached required carbon monoxide test.
