

Sign On to Support for SAFER Housing 2.0 Tenant Protections Ordinance w/Pre-Eviction Notice!

Short Description of the Ordinance: Everyone benefits when families have stable, accessible, fair, and equitable housing. For years, community-led tenant rights and fair housing advocates in our community pushed for comprehensive tenant protections and more support for renter empowerment. Tenant protections are critical to help ensure that generations of St. Paul residents can continue to call our city home. SAFE(R) Housing has been reassessed and strengthened to resolve rental housing discrimination and ensure access to housing for all. It encompasses stronger policies that reform tenant screening, support landlord-tenant communication, increase access to housing and protections for tenants facing displacement, in addition to easier access to landlord-tenant rights, responsibilities and resources. This ordinance also includes language around a pre-eviction notice so a landlord has to give a 30 day notice to a tenant before they officially give an eviction notice. This is a great start and we want more protections for renters in the years to come!
