Re: 845 East 7th St ; 847 East 7th St ; 849 East 7th St

I am writing this letter for the building owner in an effort to get clarification on the existence of "open" permits on this building. I was told by a person in the Permit Department Call Center named Carrie that there were no open permits on this building. She said there was a permit for Electrical & Mechanical that was closed without final approval in 1995 that is now null and void. On a second call to the department for a letter the Fire Department requested to verify this information I was told that there were open permits as follows; 849 East 7th St Mechanical Permits 06-081694 & 06-070641 and Building Permit 06-006561. 847 East 7th St Building Permits 06-006470 & 06-007166.

When searching permits online for all three addresses I have been unable to locate any of these permit numbers. Is there someone who can give me specific information on these permits as to contractor's name, date, etc. so these issues can be addressed to get the Certificate of Occupancy renewed?
