On 2/26/14 at 1808 hrs, I, J. Raether, squad 336 was sent to 804/806 4th St after a report by neighbors that the front door of the home was wide open and they said the house was unoccupied.

When I arrived the front door was open and did not appear to have been forced. I checked the interior of the house and determined it was unoccupied. I attempted to secure the front door of the house and was unable too. I spoke with the complainant, who told me the house has been empty for over a year. It said there have been people in and out of it who did not belong there. It said the house and using it as a party house.

l also spoke with another complainant, said that it has been abandoned for over a year. also said there have been numerous people staying in the house when they shouldn't be. also told me the house has been used as a party house and believes people have been selling narcotics out of it, based on the traffic up to it. also mentioned the window on the east side that was unsecured that people would enter through.

After several attempts to secure the door with negative results I spoke with Sgt Kolls and had a board up crew respond to the address to secure the door. The house appears to be a garbage house with only narrow paths to walk through it. Some rooms required climbing over piles garbage to enter them. I located the window that was unlocked and secured it so no one could climb in it.
