planning commission resolution

file number 17-49

date July 28, 2017

WHEREAS, the Rush Line Corridor is an 80-mile travel corridor between St. Paul and Hinckley Minnesota, consisting of urban, suburban and rural communities; and

WHEREAS, a Pre-Project Development Study has been completed to analyze bus and rail alternatives in the 30-mile study area between St. Paul and Forest Lake, which has the greatest potential for significant transit improvements in the near term; and

WHEREAS, the purpose of the Rush Line Corridor Project is to provide transit service that satisfies the long-term regional mobility and accessibility needs for businesses and the traveling public and catalyzes sustainable development within the 30-mile study area; and

WHEREAS, the Pre-Project Development Study was a joint local and regional planning effort conducted by the Rush Line Corridor Task Force and led by the Ramsey County Regional Railroad Authority; and

WHEREAS, after a thorough technical analysis of 55 potential route segments and 7 transit modes and extensive public engagement through the Pre-Project Development Study, Alternative 1 has been identified as the locally preferred alternative; and

WHEREAS, Alternative 1 best meets the project's purpose and need and would likely qualify for Federal Transit Administration New Starts funding; and

WHEREAS, the Locally Preferred Alternative includes the definition of the mode, conceptual alignment and general station locations which can be refined through further environmental and engineering efforts; and

WHEREAS, Alternative 1 is defined as Bus Rapid Transit within a dedicated guideway generally along Phalen Boulevard, Ramsey County Regional Railroad Authority right-of-way and Trunk Highway 61, extending approximately 14 miles, and connecting Union Depot in downtown St. Paul to the east side neighborhoods of St. Paul and the Cities of Maplewood, Vadnais Heights, Gem Lake and White Bear Lake (see attached figure); and

WHEREAS, Alternative 1 would be co-located with the Bruce Vento Trail through the portion of the route that utilizes the Ramsey County Regional Railroad Authority right-of-way; and

WHEREAS, the next phase of the project will include environmental analysis under the Federal and State environmental review processes to avoid, minimize, and mitigate potential impacts while maximizing mobility, accessibility and surrounding economic development opportunities; and

WHEREAS, the public will continue to be engaged throughout the environmental review process and subsequent design, engineering and construction phases to ensure that the project is reflective of the needs of the diverse communities within the Rush Line Corridor; and

WHEREAS, a connector bus from White Bear Lake to Forest Lake and other bus service improvements will continue to be explored during the environmental analysis phase of the Project; and

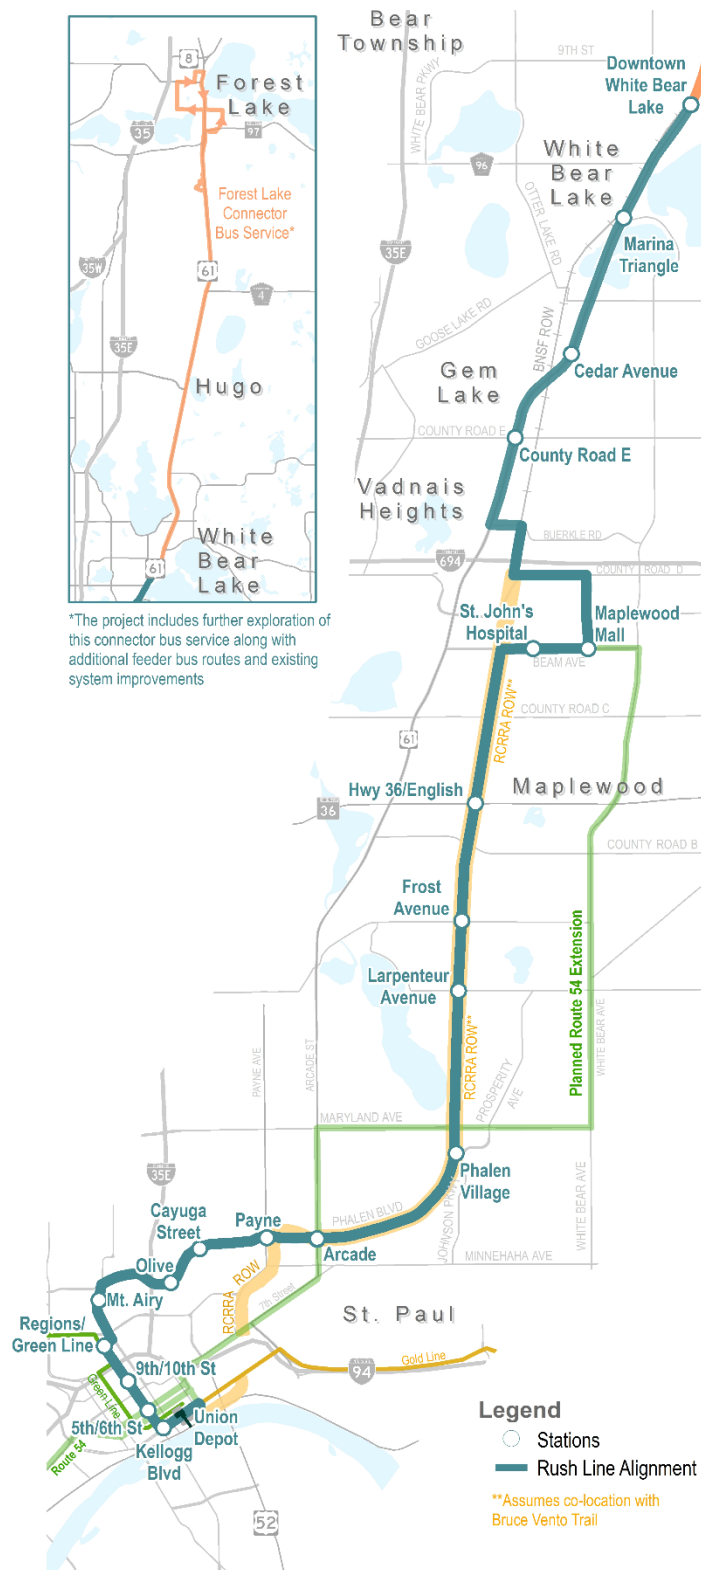

WHEREAS, the comments submitted by agencies, adjacent communities, the business sector and the public during the Locally Preferred Alternative comment period and throughout the duration of the Pre-Project Development Study will be addressed accordingly in the environmental analysis phase of the Project; and

WHEREAS, the City of Saint Paul's Comprehensive Plan, in Figure T-C of the Transportation Chapter, identifies a generalized Rush Line Corridor heading northeast from Downtown Saint Paul as being a desired transitway within its Preferred Transit Network; and

WHEREAS, the Transportation Committee of the Planning Commission recommended support for the LPA on July 17, 2017.

NOW, THEREFORE BE IT RESOLVED that the Planning Commission recommends that the Saint Paul City Council adopt a resolution supporting the selection of Alternative 1 as the locally preferred alternative; committing the City of Saint Paul to undertaking and developing station area plans for the proposed BRT station areas within its jurisdiction based on market conditions, community input and Metropolitan Council guidelines and expectation for development density, level of activity and design; supporting the planned Route 54 extension and exploration of other transit improvements within the study area including, but not limited to, the future conversion of Route 54 to Arterial BRT and the consideration of a potential Modern Streetcar along E. 7th St to create a more comprehensive transit system; and that their resolution be forwarded to the Rush Line Corridor Task Force, the Ramsey County Regional Railroad Authority and the Metropolitan Council for their consideration.
