

Profile

The Minnesota Government Data Practices Act (Minnesota Statutes Chapter 13) governs the City’s use of the information contained in this application. Some of the information sought in this application is private data under the Act. The requested information will be used by the appointing authority to carry out the City’s official appointment responsibilities. You are not required to provide any information. However, failure to answer the application questions may cause the appointing authority to reject your application. The majority of items contained in this application are public, including name, address, employment, skills, training and experience, and are therefore available to anyone requesting it. The remaining items on the application form are classified as private. The private data is available only to you and to other persons in the City who, because of work assignments, reasonably require access to the information.

Employer Job Title

Why are you interested in serving on a board or committee?

As a lifetime resident of Saint Paul, growing up in the Frogtown neighborhood, recreation centers is where I spent most of my days. A place of community, where youth can gather for a positive purpose to find positive support through many programs that are offered such as sports, arts and crafts, educational support etc. I had the opportunity for several years to volunteer coach a number of youth sports, and realized how important those positive spaces, and interactions can be to young people in our community. To this day, some of the youth I had the opportunity to coach, now in High School still refer to me as "Coach" when we cross paths. Serving on the Park and Rec board will allow me the opportunity to continue this mission at a more strategic and structural level, and ensuring that the youth of the future have access to Recreation Center programming that I enjoyed as a youth growing up in Saint Paul.

What skills/training or experience do you possess for the committee(s) for which you seek appointment?

Growing up in Saint Paul, spending hours at recreation centers gives me a unique perspective to bring to the table when discussing the future of Parks and Recreation. Additionally, my time as a volunteer coach afforded me the opportunity to build relationships with youth, and with parks and rec employees throughout the City of Saint Paul. Blending the view of personal experience, and connection with the front line staff is a perspective that would benefit the board. In addition to my personal experience in the Parks and Rec system, professionally I've led professional associations, chaired committees and initiatives around events, fundraising, and mentorship.
