The business is listed as the Nook, expanding as a bowling alley and adding sale of liquor and food at the bowling alley. address of 492 Hamline Ave S

We object to more business in this area, unless they can provide off street parking for their customers. Their customers currently park on our street, Juno Ave. and we cannot find parking in front of our homes on this block.

Hi Mr. & Mrs. Karalus,
Can you provide me with the name of the business that you are objecting to? Our office receive many objections regarding various businesses throughout St. Paul and it would help us if you provide us with more information. Thank you for ending us your concerns.

Dear Department of Safety and Inspections,
My husband and I object for the license for a new business in our area. We live adjacent to the site and the patrons of that business use our street for parking. Most evenings, we or our visitors, are unable to park in front of our home. Any new businesses in our area should provide an off-street parking lot or their patrons to park in, and keep the patrons off the residential streets.

please let us know of scheduled hearing.

**Attention DSI
And Legislative Hearing Officer**

Regarding the license to extend liquor sales, and add bowling license with increased hours at 492 Hamline Ave. South.

We, the homeowners on Juno Ave., between Hamline and Syndicate, have concerns about patron's of the business parking on Juno Ave. and our own access to parking in front of our homes. For the last 10 years, there has been a steady increase of the existing business. Homeowners are frustrated regarding the inability to park in front of their homes, especially in the afternoons and evenings. We propose the business offer other parking options for their patrons. The increased liquor sales and bowling would keep patrons at business longer and tend towards more problems with drunkenness.
