SUSPENSION ITEM

RES 13-199 Granting municipal consent for the Minnesota Department of Transportation's I-35E MNPASS Project (S.P. 6280-367).

Paul Kurtz, Public Works, introduced Wayne Norris and Jennie Read, MNDot project manager and engineer, respectively. He described the project, including the addition of the MNPASS Lane; the replacement of the Arlington, Wheelock and Larpenteur bridges; removal of the railroad bridge; rerouting of the Gateway Trail; and addition of noise walls. He said it was a design-build project and details would be worked out when the designer and contractor were on board, and MNDot was working with the Community Councils regarding lane restrictions during construction.

In response to questions from Councilmember Bostrom, Mr. Kurtz said the bridges would be removed and replaced one at a time, and Ms. Read said the Roselawn and County Road B bridges would remain open.

No one appeared in opposition; Councilmember Brendmoen moved approval.

LEGISLATIVE HEARING ITEMS REQUIRING DISCUSSION**38 RLH FCO** Appeal of Matt Connelly to a Fire Inspection Correction Notice at 1966
12-652 BENSON AVENUE.

Legislative Hearing Officer Marcia Moermond said the issue was storage of large rolls of paper to a height of 16 feet, four feet higher than allowed by code for a building that was not sprinklered. She said the issue had never been called out before and the owner was under the impression that there was an existing variance, but inspections staff hadn't been able to find anything. She recommended granting a two-foot variance to allow storage to a height of 14 feet.

In response to questions from Councilmember Thune, Ms. Moermond said storing paper to a height of 14 feet rather than 12 feet allowed for storage of 10% more paper, and an increase to 16 feet would allow an increase of 30%. She said the issues being addressed by the height limit were density of storage and access for firefighters.

Kip Peterson, attorney, appeared with business owner Mike Amidon. Mr. Peterson said the ability to acquire and store large volumes of paper was critical, and a reduction from 16 feet to 14 or 12 would have significant effect on business. He described the business and showed a schematic of property. He said in the record of the Legislative Hearing there was discussion of a letter sent to the City in 1997 when the storage building was being built, referring to an inability to comply with fire department regulations and a request for deferral of enforcement pending completion of construction. He said the understanding with the inspectors had been that 12-foot storage would not be enforced as long as storage did not exceed 16 feet, and over time that came to be interpreted as a variance. He said there had been annual inspections since 1999 and the issue hadn't been called out. He said there were plans to acquire additional equipment and expand production, but denial of the appeal would mean not moving forward, and instead using the expansion space for additional storage.

In response to a question from Councilmember Thune, Mr. Peterson said there was a 20% reduction in storage capacity in weight with a height reduction from 16 feet to 14 feet, and an additional 10% reduction in material with a height reduction to 12 feet.

Councilmember Thune said he didn't feel dropping two feet would make that much difference in terms of fire safety, and he moved to grant the appeal. He moved to close the public hearing. Yeas - 7 Nays - 0

Councilmember Tolbert asked Ms. Moermond for her response. Ms. Moermond said the additional height added a lot of material in volume and didn't leave much clearance between the storage and the ceiling, and the absence of a sprinkler system added risk.

Councilmember Thune said the proposed solution would not decrease the volume of paper being stored.

Councilmember Brendmoen noted that DSI was enforcing something after many years of not enforcing it, and said she understood the business owner's frustration.

Appeal of Ying Vang to a Fire Certificate of Occupancy Correction Notice at 842 JENKS AVENUE.

Legislative Hearing Officer Marcia Moermond said a correction order had been issued for installation of a grounding jumper at the water meter by a licensed electrician. She said the property owner said there was a grounding jumper but it had been disconnected by the water heater contractor when the water heater was replaced.

Property owner Ying Vang (via interpreter) said the existing jumper for the heater was a little too short, and he would like to do the work himself and not hire someone.

Council President Lantry confirmed with Ms. Moermond that the work required a licensed electrician. Mr. Vang asked whether the existing one could just be replaced. He said it was not connected to anything electrical, and he had asked someone and been told an electrician was not required.

Councilmember Bostrom asked how this had come to the City's attention. Mr. Vang said someone came and checked as part of the Certificate of Occupancy inspection. He said this was the second time the inspector had come, and the issue was not called out the first time.

Councilmember Bostrom moved to close the public hearing. Yeas - 7 Nays - 0

Councilmember Bostrom said he appreciated that these things could be expensive, but the property was a business with renters present, and it wasn't good to risk having electricity coming through the water line. He moved to deny the appeal.

Appeal of Gholamreza Ashrafzadehkian to a Vacant Building
Registration Requirement at 711 OAKDALE AVENUE.

Legislative Hearing Officer Marcia Moermond said the issue was a Vacant Building registration and fee with an anniversary date in October. She said the appellant told her it would be more than 90 days before the rehabilitation was complete. She said that would be more than half of the year, and under those circumstances she would generally recommend denying the appeal. She said she had asked DSI to continue to issue permits so the rehabilitation could continue while the appeal was pending. She noted that there had been no recent permit activity. In response to a question from Council President Lantry, she said it was a Category 2 Vacant Building and the appellant had met the conditions to proceed with the rehabilitation.

Property owner Gholamreza Ashrafzadehkian said he had submitted a budget and work plan, but the project was behind schedule. He said Ms. Moermond had given him 30 days to pull permits, but DSI and Vacant Buildings were not allowing him to pull permits and were asking for a new Code Compliance inspection.

Ms. Moermond said there were notes in the file stating that permits should be allowed based on the Legislative Hearing, however, the Code Compliance inspection had expired on September 28. In response to a question from Council President Lantry, she said the most recent permits had been pulled in 2011. Mr. Ashrafzadehkian said he was not being allowed to pull permits and did not understand how he could comply with the orders.

Council President Lantry asked for Ms. Moermond's recommendation. Ms. Moermond said the building should be in the Vacant Buildings program, and the Code Compliance inspection should be re-done. She said nothing was preventing Mr. Ashrafzadehkian from ordering a Code Compliance inspection, and then pulling permits when that was done and the Vacant Building fee was paid.

Council President Lantry clarified that what was before the Council was whether the building should be in the Vacant Building program.

Mr. Ashrafzadehkian said the property was vacant, but it was maintained and had an owner who was a taxpayer. He said the goal was for the building to be occupied. He expressed frustration with the process.

Appeal of Gholamreza Ashrafzadehkian to a Vacant Building Registration Requirement at 1176 REANEY AVENUE.

Legislative Hearing Officer Marcia Moermond said the issue was the Vacant Building registration and fee, and DSI had already granted a 90-day waiver in processing the fee. She recommended denying the appeal.

Property owner Gholamreza Ashrafzadehkian said he was asking for more time.

Councilmember Bostrom moved to close the public hearing. Yeas - 7 Nays - 0

In response to a question from Councilmember Bostrom, Ms. Moermond said the property was condemned and placed in the Vacant Building program in July of 2011.

Councilmember Bostrom said he appreciated that Mr. Ashrafzadehkian was busy and the process was difficult, but the City was incurring expenses for monitoring the property. He moved to adopt the recommendation of the Legislative Hearing Officer.

Council Meeting Information

The City Council is paperless which saves the environment and reduces expenses.

The agendas and Council files are all available on the Web (see below).

Councilmembers use iPads to review the files during the meeting. Using the iPad greatly reduces costs since most agendas, including the documents attached to files, are over 1000 pages when printed.

Web

Meetings are available on the Council's website. Email notification and web feeds (RSS) of newly released Minutes, Agendas and Meetings are available by subscription.

Please visit www.stpaul.gov/council for meeting videos and updated copies of the Agendas, Minutes and supporting documents.

Cable

Meetings are live on St Paul Channel 18 and replayed on: Thursdays at 5:30 p.m., Saturdays at 12:30 p.m., and Sundays at 1:00 p.m. (Subject to change)
