First of all, I cannot attend this City Council meeting at 3:30. I come, I work myself and my name is Sharon Bowl, 1898 Munster Ave, Saint Paul 55116. This is come about a ratification of assessment. So they're charging \$370.20 for sealcoating my street. I do not have an alley. Let me tell you, I saw them because I maintain a family licensed child care home here and I saw them go up and down my street with one small, very small. I mean dried in a second of sealcoating you're calling that for \$370. Really, somebody needs to call me back on this. My phone number is 6516900534, and how dare anybody charge this kind of amount for in call it sealcoating. Again, I don't have an ally and I cannot because I am working. My hours are your hours. Where does Saint Saint Paul City Council get off telling us to go to a meeting when we are all working? You know what I don't get paid if I take off work at that hour. I don't know about you guys. You must have a really dumb, really tight. What I'm gonna do is I'm gonna wait for somebody to call me back and uhm, I want to discuss this. Because you know what I do not appreciate any thing like this coming to me in the mail. And it says here that this is not a forgiveness of payment. Yeah, I did not receive one to begin with or I would have called there for sure. So you got my phone number, my name, my address, everything you need. Call me back.
