Ms Moermond:

I received a notice that \$1250.00 was going to be added to my tax liabilities due to a vacant building registration fee. I discussed the matter that the property located at 1674 Marion was not vacant in the September 27th hearing and provided documentation in the October 3rd email as well.

There is a hearing scheduled for tomorrow regarding the tax addition that I would prefer to not to have to attend as I would need to take time away from work. I submitted the yellow card per the instructions. I will be there if need be but was hoping you could provide this information and advise them that the vacant filing was incorrect.

Regards,

Susan Clarin

Ms. Moermond:

This is a follow up to my hearing on September 27th, 2011 regarding 1674 Marion St. The water was turned on at 1674 Marion on September 28th, 2011. The water company advised that they do not send out letters regarding this but would be happy to confirm if a city official made a phone call. I was working directly with the meter department at 651-266-6850.

I have also attached the documents we discussed regarding Certificate of Occupancy for 1668 Marion and the document that was submitted to Barb Cummings on June 8th, 2009. As well as a copy of the Fire Certificate of Occupancy Reference Number 110705. Per your request I did complete the Fire Certificate of Occupancy Application for 1668 Marion and faxed the document to the Department of Safety & Inspections Fire Prevention Division today.

Regards,

Susan Clarin

FIRE CERTIFICATE OF OCCUPANCY APPLICATION

Department of Safety & Inspections
Fire Prevention Division
375 Jackson Street – Suite 220
Saint Paul MN 55101-1806
Fax: 651-266-8951

(Complete and return this form to the Department of Safety & Inspections)

Chapter 40 of the Saint Paul Legislative Code requires all existing buildings, with the exception of owner-occupied single family houses and owner-occupied duplexes, to have and maintain a Fire Certificate of Occupancy. It further states that the owners of all buildings subject to the Fire Certificate of Occupancy requirement shall apply for a Fire Certificate of Occupancy. Failure to do so may result in enforcement action.
