Subject: 908 jefferson ave.

The word "curtilage" is missing from legislative hearing minutes during discussions of 908 Jefferson Avenue. i request correcting the record? Other discrepancies exist.

Summary abatement notice created on August 28th 2017 was not mailed correctly. Abatement notice gave September 1st 2017 as abatement deadline. When a summary abatement notice gives 3 or less days to correct nuisance conditions notice must be sent registered or first class mail. This notice was not. This notice of summary abatement only referenced 2 trees causing a nuisance. Nothing about nuisance property being abated. No due process? September 5th 2017 ex parte hearing. September 7th 2017 home broke open trespass. Warrant gave no authority to break open property.

i have more issues and video about harm City of Saint Paul has caused.

Thank you

Christopher Conner would like to participate in city council meeting?
