Hello,

I cannot afford your luxury.

My mortgage has already gone up by \$100 this year for me.

I am in a settlement process with my consumer debts and childcare is expensive.

I am a single mother working fulltime and you wish to take more of my money?

Absolutely not.

The state of MN has mishandled our hard-earned money for years.

The DHS mistaken payments ending in millions of taxpayer dollars to 2 Indian Tribes.

The funds given to certain fronts of "daycare facilities" that then used our taxpayer money from fraudulent actions.

Now there is a person in Minneapolis operating a food shelf that discriminates against Caucasian people in the city.

This state has not proven that it can handle the responsibility of money effectively.

This Ratification will just harm those of us that work and pay our taxes.

Please do not let this go through.
