Saint Paul Police Foundation

You have received a check for \$25,000 from the Johnson Brother's Liquor Company. Those funds are intended to support the following Saint Paul Police Department activities:

Tim Jones Memorial Fitness Center

The Saint Paul Police Activities League (PAL) looks forward to partnering with Harding High School in a new and innovative program. Harding High School will allow PAL as part of their school curriculum. Harding students reside all over the city and include every demographic that composes the population of Saint Paul. Harding will provide an in-kind licensed teacher partner and a certified fitness instructor as part of the partnership with PAL in a course that would be called "PAL Fitness and Healthy Living."

This program would branch out to include even more kids through an after-school program that will, again, include a licensed teacher provided by the school and a certified athletic trainer. PAL staff from the police department would be on-site working both during the school day (fitness class) and the after-school program which is an hour of homework help provided by the teacher and an hour of fitness training. The police PAL van would be utilized to transport kids to and from the program to involve more youth from around the Saint Paul. Harding High School will also allow PAL to utilize the Harding gym, fields, pool, cafeteria and locker rooms.

The focal point of this program will be the Tim Jones Memorial Fitness Center. The weight room is currently outdated. We would like it to serve as a very unique memorial to one of our fallen officers. Timothy J. Jones was killed in the line of duty in 1994 – he was a proud Humboldt graduate. PAL and the Harding staff will give the weight room a cosmetic face-lift inside and outside of the building. This will be accomplished through volunteer work by PAL staff, Harding staff and any other officers or volunteers interested in helping out.

The second part of this plan is to replace the outdated and broken equipment. The new equipment would include an image of Officer Jones' badge and bear his name. When the project is completed there will be a meaningful tribute that will attract youth from all over the city to interact and bond with Saint Paul police officers. Attached is a sketch of what the weight room will look like.

Here are the highlights and goals of the partnership:

- Teachers and fitness instructor will assess each student and enroll each participate in PAL.

Please describe the situation, issue or need for this project: The St. Paul Police Family Violence Unit continues to be a leader in its response to Domestic Related offenses. In 2013 the City of St. Paul had 15 homicides, 7 of which had a domestic relationship. Many of these victims and suspects were not known to investigators or to our partners in domestic violence. The Family Violence Unit handled 3,198 cases of domestic violence in 2013. Some of the victims in these cases were severely injured and could have ended up being victim to a homicide. The unit actively monitors the top 20 offenders that make our "Chronic Offender" list. We had 236 compliant warrants in 2013, the majority of which are generated by "gone on arrival (GOA) cases." GOA cases can pose the highest threat to victims. A challenge we face is the recanting of stories by victims who live in constant fear. Follow up with these victims, resourcing them to our partners in SPIP, and doing what we can to ensure their safety is key to getting them through the domestic assault experience. With this grant money the Family Violence Unit can increase our technology, follow up on high risk victims, and attend valuable training conferences to enhance our investigative techniques and processes.
