August 20, 2013

The Community Development Committee of the Highland District Council supports Shepard Parking, LLC's business license application for the Parking Lot at 1468 Davern Street with changes to the following recommended license conditions:

- Landscaping will be planted with native plant species along Shepard Road and Davern Street
- Airport shuttles will be encouraged to use Davern Street and Shepard Road for egress and ingress rather than through the residential neighborhood

This License application is for the renewal of an existing licensed commercial parking facility at this location.
