- 10.1 The Employer shall recognize stewards selected in accordance with Union rules and regulations as the grievance representative of the bargaining unit. The Union shall notify the Employer in writing of the names of the stewards and of their successors when so named.
- 10.2 It is recognized and accepted by the Employer and the Union that the processing of grievances as hereinafter provided is limited by the job duties and responsibilities of the employees and shall therefore be accomplished during working hours only when consistent with such employee duties and responsibilities. The steward involved and a grieving employee shall suffer no loss in pay when a grievance is processed during working hours, provided the steward and the employee have notified and received the approval of their supervisor to be absent to process a grievance and that such absence would not be detrimental to the work programs of the Employer.
- 10.3 The procedure established by this Article shall be the sole and exclusive procedure for the processing of grievances, which are defined as an alleged violation of the terms and conditions of this Agreement.
- 10.4 Grievances shall be resolved in conformance with the following procedure:
 - Step 1 Upon the occurrence of an alleged violation of this Agreement, the employee involved shall attempt to resolve the matter on an informal basis with the employee's supervisor. If the matter is not resolved to the employee's satisfaction by the informal discussion it may be reduced to writing and referred to Step 2 by the Union. The written grievance shall set forth the nature of the grievance, the facts on which it is based, the alleged section(s) of the Agreement violated, and the relief requested. Any alleged violation of the Agreement not reduced to writing by the Union within seven (7) calendar days of the first occurrence of the event giving rise to the grievance or with the use of reasonable diligence should have had knowledge of the first occurrence of the event giving rise to the grievance, shall be considered waived.
 - Step 2 Within seven (7) calendar days after receiving the written grievance a designated Employer supervisor shall meet with the Union Steward and attempt to resolve the grievance. If, as a result of this meeting, the grievance remains unresolved, the Employer shall reply in writing to the Union within three (3) calendar days following this meeting. The Union may refer the grievance in writing to Step 3 within seven (7) calendar days following receipt of the Employer's written answer. Any grievance not referred in writing by the Union within seven (7) calendar days following receipt of the Employer's answer shall be considered waived.

ARTICLE 10 – EMPLOYEE RIGHTS – GRIEVANCE PROCEDURE (Continued)

- Step 3 Within seven (7) calendar days following receipt of a grievance referred from Step 2 a designated Employer supervisor shall meet with the Union Business Manager or his designated representative and attempt to resolve the grievance. Within seven (7) calendar days following this meeting the Employer shall reply in writing to the Union stating the Employer's answer concerning the grievance. If, as a result of the written response the grievance remains unresolved, the Union may refer the grievance to Step 4. Any grievance not referred to in writing by the Union to Step 4 within seven (7) calendar days following receipt of the Employer's answer shall be considered waived.

Optional Mediation

- 1) If the grievance has not been satisfactorily resolved at Step 3, the Union may, within ten (10) calendar days, request mediation. If Management agrees that the grievance is suitable for mediation, the parties shall submit a joint request to the Minnesota Bureau of Mediation Services for the assignment of a mediator. Grievance mediation shall be completed within thirty (30) calendar days of the assignment.
 - 2) Grievance mediation is an optional and voluntary part of the grievance resolution process. It is a supplement to, not a substitute for, grievance arbitration. When grievance mediation is invoked, the contractual time limit for moving the grievance to arbitration shall be delayed for the period of mediation.
 - 3) The grievance mediation process shall be informal. Rules of evidence shall not apply, and no record shall be made of the proceeding. Both sides shall be provided ample opportunity to present the evidence and argument to support their case. The mediator may meet with the parties in joint session or in separate caucuses.
 - 4) At the request of both parties, the mediator may issue an oral recommendation for settlement. Either party may request that the mediator assess how an arbitrator might rule in this case.
 - 5) The grievant shall be present at the grievance proceeding. If the grievance is resolved, the grievant shall sign a statement agreeing to accept the outcome. Unless the parties agree otherwise, the outcome shall not be precedential.
 - 6) If the grievance is not resolved and is subsequently moved to arbitration, such proceeding shall be de novo. Nothing said or done by the parties or the mediator during grievance mediation with respect to their positions concerning resolution or offers of settlement may be used or referred to during arbitration.
- Step 4 The arbitration proceedings shall be conducted by an arbitrator to be selected from a permanent panel of five (5) arbitrators. Arbitrators shall be selected by lot within twenty (20) work days after notice has been given. The permanent panel of arbitrators shall be mutually agreed to by the Employer and the Union no later than sixty (60) days after the signing of this Agreement. In the event the Employer and the Union have not agreed to five (5) arbitrators for the permanent panel, the parties will petition the Director of the Bureau of Mediation Services for a list of seven (7) arbitrators. The parties shall alternately strike names from such list(s), the Employer striking first, until one (1) name remains.

ARTICLE 10 – EMPLOYEE RIGHTS – GRIEVANCE PROCEDURE (Continued)

- 10.5 The Arbitrator shall have no right to amend, modify, nullify, ignore, add to, or subtract from the provisions of this Agreement. The arbitrator shall consider and decide only the specific issue submitted in writing by the Employer and the Union and shall have no authority to make a decision on any other issue not so submitted. The arbitrator shall be without power to make decisions contrary to or inconsistent with or modifying or varying in any way the applications of laws, rules, or regulations having the force and effect of law. The arbitrator's decision shall be submitted in writing within thirty (30) days following close of the hearing or the submission of briefs by the parties, whichever be later, unless the parties agree to an extension. The decision shall be based solely on the arbitrator's interpretation or application of the express terms of this Agreement and to the facts of the grievance presented. The decision of the arbitrator shall be final and binding on the Employer, the Union, and the employees.
- 10.6 The fees and expenses for the arbitrator's services and proceedings shall be borne equally by the Employer and the Union, provided that each party shall be responsible for compensating its own representatives and witnesses. If either party desires a verbatim record of the proceedings, it may cause such a record to be made, providing it pays for the record.
- 10.7 The time limits in each step of this procedure may be extended by mutual agreement of the Employer and the Union.
- 10.8 It is understood by the Union and the Employer that a grievance may be determined by either the grievance procedure of this contract or by the provisions of the Civil Service Rules of the City of Saint Paul. If an issue is determined by this grievance procedure it shall not again be submitted for arbitration under the Civil Service Rules. If an issue is determined by the provisions of the Civil Service Rules it shall not again be submitted for arbitration under this grievance procedure.

- 11.1 Seniority, for the purpose of this Agreement, shall be defined as follows:

 - B. "Class Seniority" - The length of continuous, regular and Probationary service with the Employer from the date an employee was first certified and appointed to a class title covered by this Agreement, it being further understood that class seniority is confined to the current class assignment held by an employee.
 - (1) For Employees with dual titles, class seniority will be defined as the class title assignment for the day assigned and will continue to be that class title until the next regular assigned shift. During a declared emergency when the assigned shift is finished, those who hold dual titles, such as Heavy Equipment Operator and *Driver Operator, will revert to the lower title in order of their seniority in that title.
 - C. If an employee requests reverse seniority for the winter season he/she will be placed at the bottom of the seniority list. An employee's request must be submitted by October 15 of each year. - 11.3 A. In the event it is determined by the Employer that it is necessary to reduce the work force, employees will be laid off by class title within each division based on inverse length of “Class Seniority”. Recall from layoff shall be inverse order of layoff, except that recall rights shall expire after two years of layoff.
- B. In cases where there are promotional series, such as *Unskilled Laborer, Crew Leader, etc., when the number of employees in these higher titles is to be reduced, employees who have held lower titles which are in this bargaining unit will be offered reductions to the highest of these titles to which class seniority would keep them from being laid off, before layoffs are made by any class title in any department.
- C. It is further understood that a laid off employee shall have the right to placement in any lower-paid class title in this bargaining unit, provided said employee has been previously certified and appointed in said lower-paid class title. In such cases, the employee shall first be placed on a reinstatement register and shall have “Class Seniority” based on the date originally certified and appointed to said class. 4. Assignment to the NSP Crew will be based on following:
 - a. Vacancies in the Forestry NSP Crew will be filled by certified line clearance tree trimmers who have satisfactory or higher performance ratings for at least the preceding year and have no medical restrictions that limit the employee's ability to perform the essential functions of the work required of the NSP crew. A positive drug/alcohol test will disqualify a crew member for a period of one (1) year from date of test.
 - b. A list of Forestry Arborists interested in working on the NSP Crew, who meet the minimum qualifications, will be solicited annually. The senior forestry arborist(s) on the sign-up list will be assigned to the NSP Crew. APPENDIX C – General Policies Regarding Seniority (Continued)

JOB ASSIGNMENTS:

1. Job assignments for members of the Tri-Council at the Distribution Division of the Water Utility will be made using the following criteria:
 - a. Short term (less than the full winter or summer cycle) assignments will be made at managements' discretion.
 - b. Full term (the entire normal winter or summer cycle) assignments will be made on the basis in a given title when openings occur on a particular crew. If there will be an opening for a full cycle on a crew, management will ask those employees working the same title as that opening if they are interested in the position. This will be recorded, and the most senior employee working in that title interested in the job will be given the position, provided the employee is qualified. Should management have valid reasons not to appoint this candidate to the position, those reasons shall be given to the candidate in writing. If no one is interested in a position, the assignment will be made to the least senior Employee regularly working that title.
 - c. Definitions for this section:
 1. Seniority used shall be Class Seniority per 11.1B.
 2. "Normal" working cycles for the Utility are late November to late March (winter) and late March to late November (summer).
 3. An "Opening" is defined as a vacancy on a crew expected to last at least one entire cycle.
 - d. If a short term assignment is made and the time arrives to make assignments for the next cycle, management will review the assignment to determine whether it will be considered an "opening" or not. If it is considered an opening, Section B shall be followed.
2. Assignment to primary driving jobs will be made by class seniority. A minimum of 75% of the primary driving jobs will be assigned by class seniority from Driver-Operator – Water Utility or Water Utility Worker I classifications.

APPENDIX D – General Policies Regarding Overtime

The following are general policies regarding the assignment of overtime.

A. Department of Public Works

1. Sewer Maintenance Division

It is the policy of the Sewer Maintenance Division to assign overtime in a way which is both fair to all employees and efficient for the administration of this division. In order to implement this policy the following guidelines will be used by the supervisor in charge of setting up crews to work overtime.

- a. An **OVERTIME AND CALL OUT SCHEDULE** will be maintained. Names will be listed in order of seniority. This list will be updated periodically. When people are called from this list, they will be called by title in order of seniority with the following exceptions:
 1. A person who is on **sick leave** will not be called unless no one else is available.
 2. A person who is on **vacation** will not be called unless all people on the list who worked that day are unavailable for overtime. In the case of overtime during the weekend, those people who worked on Friday will be called first.
 3. People paid under a certain title during the workday will be called out for overtime under that title. If enough laborers or service workers cannot be found or if a jet operator is needed, then people who worked a different title that day may be called.
 4. If a supervisor gets a call during the workday on a job that may go into overtime, he/she will assign the crew that is most available at that time to do the job.
 5. If a crew is on the job and that job has to go into overtime, that crew will work the overtime. If this happens on a Friday and it will be necessary to work during the weekend, that same crew will be called first. The only exception will be for steaming during the weekend, in which case crews will be set up by seniority.
 6. All persons on light duty will be moved to the bottom of the Overtime and Call Out Schedule.
- b. It will be up to the supervisor who checks out the complaint to determine what equipment is needed and to call out a crew to complete the job.
- c. Nothing in this policy will prevent a supervisor from deviating from this policy when, in his/her judgment, an emergency exists or it is in the best interest of the division to do so.

APPENDIX D – General Policies Regarding Overtime (Continued)

2. Street Maintenance Division

- a. Week-end and Holiday overtime will be assigned by seniority, from a posted sign-up list. This procedure will be used only when all Heavy Equipment Operators, *Driver-Operators and Street Service Workers have been assigned to work 40 hours. The assigned crew that starts a job shall continue on the job, when overtime is required to finish the job. If the job requires the week-end to finish, the original assigned crew will be assigned to finish the job.
- b. *Driver-Operators, Heavy Equipment Operators or Street Service Workers temporarily assigned for more than one week to other divisions (including for this purpose, the asphalt plant) or to other departments, shall be moved to the bottom of the Street Maintenance Division seniority list for purposes of overtime for the duration of the assignment.
- c. The Dispatcher will take up to two (2) phone numbers for each employee to be put on the seniority list. When work is available the Dispatcher will start calling from the top of the seniority list. The calls will be made with no waiting between calls and first to answer will get the work. When a message is left, available work will go to the first to respond.
- d. If an employee is off a day for vacation, floating holiday, or comp time, he/she will be eligible to be called for overtime work that starts after the conclusion of the regular work day. If an employee is off a day for sick leave, he/she will not be called for overtime work until the following day. If an employee is off sick on the last day of the regular work week, he/she may be called for overtime work, on his/her two regular days off, if he/she has called in to return to work. If that employee, is then off sick on the first day of his/her work week he/she will need a doctor's certificate to be paid for that day.

B. Division of Parks and Recreation

1. Parks Maintenance Section

Overtime assignment within the Parks Department will be made within crews by classification seniority to employees qualified to do the work. Disputes arising from these assignments may be appealed up to and including Step 3 of the grievance procedure of this Agreement.

- a. When overtime is required and a crew does not have enough employees to cover the event, the supervisor will fill the crew first using crew seniority involving employees under his/her budget authority and then will have the option to choose the crew he/she deems most appropriate.
- b. For the purpose of this section an employee assigned to a building or facility alone will be deemed a crew of one.

2. Forestry Section

A sign up list will be circulated prior to each weekend during the storm season. Employees that will be available for emergency call out work during that weekend will so indicate on the sign up sheet.

Attempts will be made to call out employees in the order of their seniority, however, conditions may prevail that prevent this in order to provide for a response to an emergency situation. If a crew is on storm damage clean up during normal working hours, that crew may continue after the eight hour work day has ceased until the Supervisor dismisses the crew.

APPENDIX D – General Policies Regarding Overtime (Continued)

C. Water Utility

The following procedures will be used to determine the selection of personnel for overtime work assignments. This policy shall apply to all bargaining unit titles.

DEFINITIONS:

Daily Overtime List:

OVERTIME LIST ELIGIBILITY:

1. There shall be two overtime lists with the night shift and day shifts having separate overtime lists.
2. A person holding more than one title shall use his/her normal working title for the overtime list.
3. If a person is off a day for vacation, floating holiday or compensatory time, he/she will, be eligible to be called for overtime work that starts after the conclusion of their regular work day. If an employee is off a day for sick leave, he/she will not be called for overtime work until the following day. If an employee is off sick on the last day of the regular work week, he/she may be called for overtime work on his/her two regular days off if he/she has called in to return to work. If that employee, is then off sick on the first day of his/her work week, he/she will need a doctor's certificate to be paid for that day. Any employee that does not work when forced because they are sick must provide a medical certification before returning to work.
4. Personnel assigned to the night shift will not be on the overtime list for days.
5. An overtime assignment call-out sheet shall be used for both day and shift overtime call outs to verify proper use of the procedures. Anyone intentionally misusing the overtime policy shall be subject to discipline.

OVERTIME LIST SELECTION PROCEDURES -- DAY CREWS

Calling out for overtime shall be done in a cautious and courteous manner. When calling on the phone, the caller should identify themselves and state the reason why the call is being made. Overtime is important to all and should be treated as such. The foreman should be called first as he has to obtain utilities. If there is any question as to the need to work on, overtime the circumstances should be discussed with the foreman before the decision is made to call a crew. An additional 30 minutes to call the rest of the crew should be no problem. Only the Foreman, or Control Desk Worker may actually do the calling -- it should not be delegated any further. The form shall be completely and accurately filled in and signed by the caller. One attempt to a maximum of two (2) numbers, shall be made to call each person. The employee will have 10 minutes to respond.

A quick response is expected to the overtime offer, so that a crew can be constructed and work will not be delayed. During the normal work day, it is understood that in some cases, up to an hour may be necessary to contact, family, etc., before the decision to work can be made. However, after 1:00 p.m., it is necessary to get an answer within 15 minutes so as not to delay the job as people are leaving for the day. The foreman will, to the extent feasible, allow employees the opportunity to make a quick phone call if necessary.

APPENDIX D – General Policies Regarding Overtime (Continued)

1. If the most senior employee who is up that day cannot work, employees shall be called by seniority order. If no employee is available to perform the overtime work the employer shall force the least senior employees to work the overtime. Employees in WSWII and WUWI titles in Distribution will be forced on a daily rotating basis when required to work overtime. As a condition of employment, employees are expected to be available and respond when called for overtime. Temps will be used as a last resort.
2. Personnel will be selected by seniority order for emergency jobs that come in after normal working hours (main breaks, etc.) or for planned overtime jobs where no crew has previously worked on the project during normal working hours.
3. If a crew cannot complete a job in normal working hours and the decision is made to continue the job into overtime, all crew members are expected to work the overtime. If prior commitments prohibit crew members from working the overtime they must inform the supervisor at the start of their shift. Management will attempt to accommodate these requests. However, employees are to stay on the job until their replacement arrives so as not to delay job completion. If the job is expected to go beyond 2 hours of overtime, any probationary HEO's on the seniority list shall be replaced at 3:30 p.m. If the job, including the street repair crew, will go beyond 3:30 p.m., the Truck Driver shall be replaced, by the most senior Truck Driver. If possible, the Dispatcher shall switch drivers on jobs between 1:30 p.m. and 3:30 p.m. to allow the driver who is up to be on the overtime job. If this is not possible, the replacement driver shall begin at 3:30 p.m. with a different truck. The daytime driver shall be released when the truck is empty (i.e. if the truck is being filled the driver shall be released after emptying at the landfill and if hauling fill to the job the driver shall be released when the fill has been dumped.) If more than one truck is needed for overtime, seniority order shall be followed as per the above procedures. Other replacement workers will be permitted only in emergencies.

If there are multiple overtime jobs on a normal working day, the most senior truck driver shall be switched to the job anticipated to last the longest. This shall be done when the job he/she is presently working has been completed, or at some practical point.

4. If a crew is working on a project and the decision is made that work will have to be scheduled during overtime hours (due to shutoff complications, etc.) the crew that is on the job at that time will also work the overtime, except for the Truck Drivers, HEO's not on the standard overtime list, and any employee working out-of-title. They will be called off the standard overtime list. If any other members of the crew cannot work the overtime, the vacancy will be filled from the overtime list.
5. If a job comes in after 2:00 p.m. and will result in overtime, it shall be at the discretion of the Superintendent or Assistant Superintendent if #3 or #4 will apply.
6. Anyone working overtime through the night will not be allowed to work overtime the following night.
7. Temporary workers may not work more than one hour of unscheduled overtime unless no one else is available after following the overtime selection procedures defined in section 1 and 2. If a temporary worker is on a job and needs to be replaced because the job is going to last more than an hour, replacement workers will be called out according to sections 1 and 2.

APPENDIX D – General Policies Regarding Overtime (Continued)

OVERTIME LIST SELECTION PROCEDURES - NIGHT CREWS

Night crews shall schedule vacation so only one employee is off at a time. If a person is missing on the evening shift and a large amount of work is carried forward from the day shift into the evening, a day shift UW II may be kept to help clear up the backlog or a replacement called in at management's option (generally, this will depend on whether or not there are more than 2 hours of work).

If the decision is made to call in a replacement or supplemental crewmember, the overtime callout procedure shall be as follows:

In general, replacement personnel shall be called from the standard list covering the title that is absent, i.e. the title the absent crew member would normally work, or, in the case of supplemental help, the title that is needed.

1. If the CDW is absent and a replacement is needed, a CDW is called.
2. If the WUW II is absent and a replacement is needed, a WUW II is called.

During the period from November 15th to March 15th, it may be necessary to replace both employees (all three if all are off) depending on workload on the late and weekend shifts. It is management's intention to maintain a three person crew during this period. This three person crew includes the evening shift Monday through Friday UW I, and late shift UW I if so used.

If no one can be found to come in from the standard night overtime list, a replacement shall be sought from the day standard overtime list, before going to the night standby list.

The night crew overtime list shall rotate as used.

DISTRIBUTION DIVISION OVERTIME POLICY:

The following procedures will be used to determine the selection of personnel for overtime work assignments. The selection of personnel will vary somewhat due to circumstances. This policy shall apply to all titles. New lists will be established in, March, July, and November of each year in order by seniority and rotated by four months.

OVERTIME POLICY FOR THE THAWING RIGS:

In the event it is necessary to work overtime to thaw frozen services, the following policy will apply:

- 1) Generally, the crew will include one Heavy Equipment Operator (HEO), and one Utility Worker II (UW II), and may include one Utility Worker I (UW I).
- 2) If it is necessary to continue working the rig after working a regular work day, the crew will be called off the thawing overtime list.
- 3) For the case of starting a crew during overtime hours, the entire crew will be called off the list.
- 4) For either case, the usual rules about maximum number of hours worked consecutively will apply.
- 5) The "list" will consist of all those day employees holding the above titles who are interested in working. This list will be developed each November and will be listed in order of seniority in that title. The list will "rotate", i.e., an employee's name will be moved to the bottom of the list after working or being given an opportunity to work. If no UW II from days is able to work, a UW II will be called off the night list.

APPENDIX D – General Policies Regarding Overtime (Continued)

OVERTIME POLICY FOR WATER DEPARTMENT SNOWPLOWING:

A list of those Heavy Equipment Operators interested in plowing snow on overtime will be developed in order of seniority by November of each year. The list will rotate, each Heavy Equipment Operator will be moved to the bottom of the list after working or being given an opportunity to work.

VADNAIS STATION/HIGHLAND OVERTIME POLICY:

Water Utility Worker I/Groundswoker

The following procedures shall be used to determine the selection of personnel for overtime work assignments.

- (1) All overtime will be approved by the Watershed Supervisor II.
- (2) The Watershed Supervisor II will call personnel for overtime.
- (3) Personnel will be called in for overtime based on seniority defined as combined continuous experience as a Water Utility Worker I or Grounds worker at Vadnais/Highland. There are exceptions/clarifications to this rule as outlined below:
 - a. Many of the duties of the Water Utility Worker I's and Groundswokers are similar. The Grounds worker will not be called in when the overtime task involves duties exclusive to the Water Utility Worker I title such as reservoir cleaning, conduit work and sludge field pipe work.
 - b. Monday through Thursday: If an employee takes time off on a Friday or the day before a holiday and they make it known to the Watershed Supervisor II that they are available for overtime, they will be eligible for overtime.
 - c. Friday or the day before a holiday: If an employee takes time off on a Friday or the day before a holiday and they make it known to the Watershed Supervisor II that they are available for overtime, they will be eligible for overtime.
 - d. When a crew is on a job that goes into overtime, that crew will continue the job until it is suspended for the day.

NOTE: Management reserves the right to operate differently from the above Water Utility policies when it is deemed necessary. Every effort will be made to follow the above policies.
