I am a resident that live near the house in question, the landlord doesn't keep up the house like he should.

The people he rents to are hard to describe, they less than what I would rent to. The house has scene good days but lately its been a drug house, prostitution house, a place for swquarters, the police get called there quite often, i would like to see somrone who cares about the house own it and live in this nice quiet neighborhood. Thank you and have a nice day.
