Dear Legislative Hearing Officer,

Regarding license #20190000443 Willards Liquors 738 Thomas ave St paul.mn

Over the last four years it has become almost not livable as this bar gets louder less control of patrons' So called security personnel are not suppose socialize with patrons and yet I can see them thru my windows hanging out with them .I have yet to witness any sweeps along the outside of building they do not disperse the crowds as they are part of them. Patrons park anywhere they can find a place including no parking areas handicap spaces with no cards stating they are handicapped I ask people who park in said handicap spot and get threatened. No security does not attempt to have cars parked illegally to be moved this happens right in front of them. Liter curbside both sides of streets beverage containers food bags and wrappers used condoms really annoying. Constant loitering of crowds at doorway and along adjacent sidewalks smoking and loud obnoxious conversations bordering on the verge of yelling security does not disperse them, I have called non emergency police number to complain last time they closed the bar at 11:15 pm that was later part of April 20019. Someone needs to enforce these so called conditions I have yet to see any of these conditions met not even close and im talking over the last four years try calling bar at night ha no one answers. This is becoming worse every year and the nicer the weather the worse this place is. I could only hope they don't receive a license but I know they will I know it will be the same outcome as in the past no oversite making sure they are following conditions. I call or email city regarding problems at Willards and I am told it's a police matter and in return the police have stated it's a city problem. They are a problem for the neighborhood loud patrons loud cars loud thumping music etc etc.
