Under Minnesota Statute 116D.04, permits for any exterior work including the demolition, partial demolition, or moving of buildings or structure on the property cannot be issued until PED has determined if the proposed work requires completion of an Environmental Assessment Worksheet [EAW]. Notify applicants that the property is located in one or more of the historic districts/site. Inform them that the law requires the City to determine if an EAW is required before permits may be issued. Advise applicants to contact HPC staff in PED for information about the EAW process. For the purposes of this WARNING, partial demolition means any work involving the dismantling, razing, or removal of any structural member that provides bearing and anchorage to the building or structure's exterior framework and/or walls, or portions thereof, and specifically including any work incidental thereto.
