Hello Mai,

Per our conversations, I have not received acknowledgement that the Fire Inspector Mike Urmann understands the new orders regarding the items to be inspected only. These items are 1) Chimney liner due June 1st, 2016, 2) Dryer vent and 3) Boiler inspection report (Attached). I feel the inspector and the City of St. Paul are harassing my mother and I. I will be filing a harassment complaint soon with the City if the inspector doesn't acknowledge the Appeal order. He has written the property up again for the same items as if we were in the Fire Certificate of Occupancy Program. The inspector has had plenty of time to respond to my emails and calls, but has not.

Thank you for your response and action on this item.
