Subject: CVS on Snelling and University

You don't often get email from kragtfamily@gmail.com. [Learn why this is important](#)

Thank you for your commitment to take care of the former CVS building on the corner of Snelling and University. As a concerned neighbor who lives at Charles and Fry, I am desiring a safe place for our community. We have picked up countless amounts of garbage at that location and have watched as the vacant building has been vandalized and become an eyesore in our neighborhood. My desire is for that corner to once again be a place that meets the needs of the community. Our hope is that there can be good partnership with the city and our community to bring lasting change to what is slowly becoming one of the areas of St. Paul that has higher crime and brings threats to our families and residents of this beautiful area. I am concerned for the welfare of those who are unhoused in our community as well. As someone who works with immigrants, I am also very concerned for their welfare. A place that offers services and job opportunities would be welcome!

Please use wisdom and discernment and have an open heart and mind to listen to us, the residents of this community.

Thank you,
Shelly Kragt
