

St. Paul Regional Water Services Vehicle Accident Summary

Third Quarter 2024

SPRWSVA2024-08 Business 07/10/2024 2:30 P.M.: SPRWS Meter Operations employee was driving NB on Lexington in vehicle #535 and thought he had a green left turn arrow at Selby and turned left/west in front of SB traffic. Once SPRWS driver and #2 saw this they both took evasive actions to avoid a collision, but still collided with Vehicle #2's right front-end and #1's right rear end hitting and sustaining damage. SPPD attending the scene after a long wait and completed a report and assured driver #2 that a claim form would be sent to her. No injuries.

SPRWSVA 2024-09 Business/Meter Operations September 11, 2024, 7:57 A.M: SPRWS Meter Reader was SB on Kennard and was stopped at Seventh Street E., observing traffic for a chance to cross 7th Street and continue with collecting radio meter reading read. Driver looked W to see if was clear and it was clear and then looked E and thought it was clear, but it wasn't clear and proceeded S and collided with #2, a WB pickup truck. St. Paul Police were called and completed a report. No injuries reported by driver #2 and undisclosed injuries to SPRWS driver. Both vehicles were undrivable and had to be towed. This accident is likely a preventable accident for the SPRWS driver.
