

my family & I went door to door & explained to our neighbors we were planning to build a patio ~~into~~ our restaurant. We ~~asked~~ if that would present a problem for ~~the~~, it was just the opposite they were looking forward to it

at 267 White Bear No one answered - I looked like it was vacant - we tried a couple more times & still no answer

at 1767 Suburban there signs on the door which we took as vacant signs - It said "Warning No Trespassing" No one answered, Both times we went

We anticipate the patio to be open 11:00 am to 11:00 pm.
