NOTES																																																																															
<p>1. The contractor shall maintain the site and all work areas until the project is completed. No construction or other activity shall be conducted on the site during the period of removal.</p> <p>2. All work shall be performed in accordance with applicable codes, standards, and regulations.</p> <p>3. The contractor shall remove all debris and materials generated by the removal process, including any hazardous materials, to a location outside the project area.</p> <p>4. The contractor shall ensure that the removal process does not damage any existing structures or utilities.</p> <p>5. The contractor shall provide a daily log of the removal activities, including the quantity and type of materials removed.</p> <p>6. The contractor shall provide a final report detailing the removal process and results.</p> <p>7. The contractor shall be responsible for any damages or injuries resulting from the removal process.</p> <p>8. The contractor shall be responsible for any costs associated with the removal process.</p> <p>9. The contractor shall be responsible for any permits required for the removal process.</p> <p>10. The contractor shall be responsible for any fines or penalties resulting from non-compliance with regulations.</p>
