Mr. Ambli,

The Legislative hearing officer is willing to grant until April 4, 2013 for compliance. I will be drafting a new resolution to reflect the new date.

Good Morning Marcia

And thank you for hearing my case and the action you took back in January. We of Liftpro are prepared to resolve our violation problem. We have purchase additional Racking for the storage of the items that were above the prescribed requirement and have a working plan to our floor layout.

However, we are running short on time and would like to know if you could give us one more week for the completion of our project? That would mean till March 10<sup>th</sup>.

I apologize for this request as I know the time you gave us was workable. But none the less do in part, this winter wasn't workable for us. Being the other part and the headquarters of our company is in Duluth and I draw upon them for assistance and support for managing this shop, and between our workload and weather; we have been Delayed.

Thanks

Steven A. Ambli
