Conditions are as follows:

1. Licensee will create a video surveillance camera and lighting placement plan (video surveillance plan) for the interior and exterior of the licensed premises. Licensee will submit the video surveillance plan to the Saint Paul Police Department (SPPD) liaison with the Department of Safety and Inspection (DSI) for review and approval. In accordance with the approved video surveillance plan, licensee will ensure that video surveillance camera system is in good working order, ensure it is recording 24 hours per day, ensure it can produce recorded surveillance video in a commonly used, up-to-date format, and ensure that accurate date and time of day are visible on all recorded video. Licensee will retain surveillance video for a minimum of thirty (30) days. If an incident is deemed serious by SPPD, licensee shall make surveillance video immediately available for viewing by SPPD. If a copy of the surveillance video for a serious incident is requested by SPPD, Licensee shall have the technology, materials and staff available to immediately make the copy. In all other cases, licensee shall provide a copy of the surveillance video to the requestor within 48 hours.
2. Licensee will insure that daily inspection of the perimeter of the licensed premises takes place. Any trash, debris, cigarette butts, bottles, cups or similar materials shall immediately be removed.
3. Licensee agrees to complete work on the SPPD approved video surveillance camera and lighting placement plan (video surveillance plan) in accordance with SPPD plan requirements by 04/05/2019.
4. Lighting will be installed to provide illumination for the security cameras and for the safety of customers, etc., pursuant to St Paul Leg. Code Sec. 63.116. Outdoor lighting-new and/or modified-shall be shielded to reduce glare and shall be so arranged as to reflect lights away from all adjacent residences in such a way as not to exceed three (3) foot-candles measured at the residence district boundary. Lighting shall not to interfere with the vision of persons on adjacent highways or adjacent property. The illumination of any other outdoor feature shall be maintained stationary and constant in intensity and color at all times when in use.
