

Hey Chris,

I've met you a few times and I am also on the chamber's PAC board (I was out of town the week you visited with the pack board a few months ago). I also live in the neighborhood on Edgcumbe and Bayard. Anyway, I'm sure you can guess that me and my family are in favor of the redevelopment of the Edina Realty site. We also have a store in the 50th and France neighborhood of Edina and we have seen that neighborhood bring in beautiful new development over the last 10-15 years and highland has been mostly stagnant. We really need to bring in new housing and retail and since all the parking will be contained within the site I think it is a no brainer for Highland. I just wanted to let you know where we stand. Please let me know if we can help in any way.

Take care,
Jamey Moeller
